

## PROFILE

I am competent IT student with a proven track record in primarily front-end development and designing components of websites. I am currently in second year of studying Bachelor of Computer Application (BCA) as Prime college. Furthermore, I have strong technical skills as well as excellent interpersonal skills, enabling me to interact with a wide range of clients. Likewise, I am eager to be challenged in order to grow and further improve my IT skills. My greatest passion in life is using my technical know-how to benefit other people and organizations.
